

## NEXT GENERATION EUS PRECOURSE

Course directors  
Livia Archibugi  
Matteo Tacelli

March 6th 2024, Milan

# NGEUS Risk

Lead your scope. Take a risk. Rule the procedure!

## NGEUS PLAYING "RISK": CONQUER ALL EUS AREAS

### THIS IS NOT A CONVENTIONAL COURSE

- Increase your EUS knowledge, with a bit of evidence-based but lots of practical tips & tricks to use tomorrow in your EUS room

- A course for young (<40 years) EUS nerds or trainees in EUS

- Taken by the most young experts in the field

- FULLY FREE and gives you access to the whole EURO-EUS congress

## NEXT GENERATION EUS PRECOURSE

*Course directors*

**Livia Archibugi**

**Matteo Tacelli**

**March 6th 2024, Milan**

## PRELIMINARY PROGRAM

- Get your EUS anatomy knowledge to the top
- Learn the indications to diagnostic EUS procedure... in debatable diseases! (pancreatic cystic lesions, pancreatitis, submucosal lesions, mediastinum...)
- All the tricks on how to use your everyday devices (FNA/B needles, LAMS, cystotomes, radiofrequency devices, guide-wires, plastic stents...)
- Operative EUS: management of gastric outlet obstruction and ablation of pancreatic lesions. Indications and how to perform them step-by-step
- NGEUS Expecting, Respecting, Inspecting and Correcting complications: what to do when things go wrong

## In every session you could find:

Live quizzes with rewards

Frontal lectures

Round tables of experts

Video demonstrations

Video abstract contest (with the possibility to win free hands-on sessions!)
