EURO-EUS 2024

THE COMPLICATION GAME

Milan, San Raffaele Institute, March 7-8, 2024

Dear friends and colleagues,

welcome back again to Milan, San Raffaele Scientific Institute for EURO-EUS 2024

This year after the great success of 20th edition in March 2023 we are thrilled to welcome old and new friends to join our worldwide renowned faculty during three days of intense activities.

The first day of the meeting, as always, we have organized two sessions of hands on training course with the possibility to try all the most important devices and EUS systems available on the market.

Then we have organized two days of deep immersion in live cases from the PancreatoBiliary Endoscopy and Endosonography Unit of the Pancreas Center of San Raffaele Scientific Institute and with live connections from the very best EUS Centers all over the world. We will cover Europe with Leuven University, Asia with the Asian Institute of Gastroenterology, (Hyderabad), the IDL CARE Institute Mumbai and The Prince of Wales Hospital The Chinese University of Hong Kong; then we will move to the Americas connecting with the Orlando Health Digestive Health Institute, the Johns Hopkins Medicine and the Instituto Ecuatoriano de Enfermedades Digestivas

This year we have focused our Didactic sessions on a hot topic related to all endoscopic procedure but that, particularly in recent years with the development of EUS-Guided Therapeutic Procedures, is considered a nightmare for the young and expert endosonographers: The Complication Game. Our Faculty members will discuss in the format of video cases discussions their own complications in different EUS procedures, considering how to prevent, how to detect and how to treat.

Furthermore following the enthusiastic cooperation started last year we are continuing our cooperation with Women in Endoscopy (WIE) to support worldwide awareness on women role and importance in endoscopy.

EURO-EUS during its 20 years history has had in great considerations young endoscopists and endosonographers in particular and this year we have organized the 2nd Edition of "Next Generation EUS" organized by young experts for future experts with the aim to increase the enthusiastic participation of the 1st edition discussing new topics and sharing thoughts, experiences, ideas, doubts....

So on behalf of EURO-EUS Executive Board with my friends Julio Iglesias Garcia and Erwin Santo, we are looking forward to welcome you in Milan on 6-8 March 2024!

NEXT GENERATION **EUS**

MARCH 6TH 2024

Course Coordinators: *Livia Archibugi, Matteo Tacelli*

- 8.30 Registration of participants
- 9.00 Presentation of the day *Livia Archibugi, Matteo Tacelli*
EUS Anatomy to the top!
1. Pancreatobiliary *Matteo Tacelli* Italy
2. Liver segments *Dario Ligresti* Italy
3. Mediastinum *Dario Ligresti* Italy
- 10.15 Indications to EUS...in debatable diseases
Discussant: *Serena Stigliano, Daniel De La Iglesias Garcia, Marianna Signoretti, Andrea Lisotti, Domenico Tamburrino*
1. Pancreatic cystic lesions *Serena Stigliano* Italy
2. Pancreatitis *Daniel De La Iglesias Garcia* Spain
3. Submucosal lesions *Marianna Signoretti* Italy
4. Mediastinum *Andrea Lisotti* Italy
- 11.10 Coffee break
- 11.40 Let me get this right: Tricks on devices
1. All the needles you can get *Yessica Dominguez Novoa* Spain
2. LAMS *Cecilia Binda* Italy
3. Cystotomes, guidewires and plastic stents
Paraskevas Gkolfakis Greece
4. Radiofrequency devices *Gianenrico Rizzatti* Italy
- 12.40 Lunch break
- 14.00 Operative EUS taken beyond: this is why and how you do it
1. Biliary drainages *Belen Martinez Moreno* Spain
2. Gastric Outlet Obstruction *Giuseppe Vanella* Italy
3. Ablation of pancreatic lesions *Enrique Pérez-Cuadrado-Robles* France
Discussant: *Giuseppe Vanella, Enrique Pérez-Cuadrado-Robles, Belen Martinez Moreno, Domenico Tamburrino, Diego Palumbo*
- 15.00 Expecting, Respecting, Inspecting and Correcting Complications Round
Table reviewing video abstracts
Discussant: *Enrique Pérez-Cuadrado-Robles, Diego Palumbo, Giuseppe Vanella, Belen Martinez Moreno, Domenico Tamburrino, Dario Ligresti, Diego Palumbo*
- 16.40 Wrap up and... enjoy EURO-EUS 2024!

HANDS-ON TRAINING COURSE

MARCH 6TH, 2024

6 fully equipped EUS Stations will be available and run under supervision of a selected Team of Trainers who will guide the participants through all the Stations. The hands-on activity will cover all the topics of diagnostic and therapeutic Echoendoscopy .

Different set of animal models and training models will allow the participants to perform an extensive hands-on training program on:

EUS-core biopsy, Pancreatic Cyst FNA, FNA of solid lesions (pancreatic mass, liver mass and lymph node), Pancreatic pseudocyst drainage (with plastic stents and LAMS stents), EUS fiducials, RFA

All the state of the art EUS instruments will be available to try during the sessions.

MORNING SESSION

08.30 Registration, course presentation and rules

P.G. Arcidiacono, G. Rossi, P. Zaccari

Assignment to Trainers: 6 groups of 4 people each will be created with one Trainer

08.45 Hands-on training with rotation of all the participants on each station with different topics to be used

12.45 End of the course

Trainers: ***Laura Bernardoni, Francesco Covotta, Germana De Nucci, Edoardo Forti, Roberto Grassia, Salvatore Greco, Belen Martinez Moreno, Vincenzo Mirante, Enrique Pérez-Cuadrado-Robles***

AFTERNOON SESSION

13.30 Registration, course presentation and rules

P.G. Arcidiacono, G. Rossi, P. Zaccari

Assignment to Trainers: 6 groups of 4 people each will be created with one Trainer

13.45 Hands-on training with rotation of all the participants on each station with different topics to be used

17.45 End of the course

Trainers: ***Cecilia Binda, Daniel De La Iglesia, Yessica Dominguez Novoa, Paraskevas Gkolfakis, Andrea Lisotti, Gianenrico Rizzatti, Marianna Signoretti, Serena Stigliano***
